CanSkate is a 45-minute program taught in a group format by certified coaches and focuses on continuous movement emphasizing the use of dynamic group teaching concepts including fast track, challenge zone and station rotation. The CanSkate curriculum is organized into three fundamental areas; Balance, Control and Agility which concentrate on forward and backward skills, stopping, edges, speed, turning and jumping. Skaters will receive ongoing incentives and a report card at the end.

Pre-Can is a sub-group on the 45-minute CanSkate session that is for non-skaters who stay in their own area of the ice. Coaches will determine if skaters need to be in Pre-Can or can be placed in another group as they progress during the session. We look at the information that you provide in the PARTICIPANT Profile on Uplifter to help determine all Skater placements in groups.
